# How to Write Instructions

1. Write in the present tense.
2. Use imperative verbs and adverbs to begin each step.  
*(Imperative verbs are instruction or 'bossy' verbs – they tell you to do something eg. pour, weigh, put etc.)*
3. Use numbers to sequence the steps/instructions.

4. Use topic words.
5. Create clear and concise simple sentences.

**The next 2 slides are examples of procedural writing.**
